Bat detecting in tranquil woodland

Badger watching · Birds of prey
Campfires · Wildlife tracking
Bat detecting · Ancient rainforest

Cumbria
Wildlife Trust

Come with us for a wild adventure...

Lace up your boots – it's time for a wildlife experience discovering some of Cumbria's special habitats and species, at four extraordinary nature reserves. Your experience is led by an expert guide and includes locally sourced refreshments.

Where will you choose?

Night-time wildlife adventure *Grange-Over-Sands*

At night, the woods belong to badgers, bats, foxes, deer and more. Enter their world and discover their secret nocturnal lives with night-vision equipment.

Discover a lost rainforest *Staveley*

Stroll with us along the River Kent and into Staveley Woodlands, where we'll spot tell-tale nature signs that we're exploring a fragment of an ancient, lost world.

Go wildlife tracking after hours *Barrow-in-Furness*

Surrounded by stunning views of Morecambe Bay, you'll track wildlife across a coastal nature reserve using print identification, camera traps and more.

The secret side of Foulshaw Moss *Witherslack*

Get exclusive access to a secret part of this special nature reserve, where deer, otters, dragonflies and wading birds await.
